

**I, the undersigned, support the efforts and vision of the Alliance for Historic Lewiston.**

I BELIEVE in the importance of maintaining the historical integrity of the Village while enhancing the residential and business community through smart, sustainable growth. To maintain the Village as a cultural, economic and historical center.

I BELIEVE that in order to ensure the preservation of the historic character in the Village, we need to follow Local Law No. 1-1978. The overall intent of this law is to protect, enhance and perpetuate building, structures, sites or districts of a historic nature.

I BELIEVE in the implementation of our Master Plan and its overall vision for the Village. Specifically, in regards to development plans and Section 10-R, which states, "uses proposed will not be detrimental to present and potential surrounding uses..." and that "the proposed development is in conformance with the general intent of the comprehensive master plan" for the Village of Lewiston (ie: maintain current amount of green space, continued enhancement of streetscape and waterfront district, proper overview and enforcement of the planning and zoning code ordinances).
