

Lions Club leading Earth Day cleanup in Lewiston

The Village of Lewiston Earth Day cleanup will be held Saturday, April 23, starting at the Red Brick Municipal Building, 145 N. Fourth St. Sign-in will start at 8 a.m., followed by volunteer instruction and a group photo at 9 a.m. Organizers anticipate cleanup activities will last approximately one hour.

"We are excited to bring back the street cleanup and to kick-off our tree planting fundraiser for Earth Day," event chairman Lion Rob Nichols said. "Over the next few months, the club will also be raising funds to plant trees throughout the community. Any donation large or small is much appreciated. Please contact us at the below email address if you are interesting in contributing to the cause."

Those interested in participating in the cleanup are encouraged to preregister with the following link: volunteersignup.org/DQDP4. Organizers said, "Please arrive early, if you are planning to register the day of the event," Nichols said. "If you are interesting in learning more about the Lewiston Community Lions, visit our Facebook site (Lewiston Lions) or email at thelewistoncommunitylions@gmail.com."

There are 46 local Lions Clubs in the Western New York area, all working within their community focusing on service activities dedicated to vision, hunger, diabetes, childhood cancer, and the environment – in addition to addressing individual humanitarian and unique, local community

needs. To find a club, visit www.wnylions.org.

The Lewiston club sends special thanks to residents and organizations already on board as Earth Day cleanup volunteers, including the Lewiston Kiwanis Club, the Lew-Port Builders Club, Niagara University and Club Scout Pack 855.

•**EARTHDAY.ORG** announced "The Great Global Cleanup" will return in April. Since its inception, "The Great Global Cleanup" has provided opportunities for individuals and organizations to tackle local mismanaged waste and make positive, tangible impacts on the environment. This year, the initiative aims to reach new heights with cleanups in 192 countries across the globe.
