

# Eagles 'Hotel California' tour coming to KeyBank Center April 21

Concerts feature 'Hotel California' album in its entirety, with accompanying orchestra & choir, followed by full greatest hits set

The Eagles – Don Henley, Joe Walsh and Timothy B. Schmit, with Deacon Frey and Vince Gill – have extended the “Hotel California” 2022 Tour, including a stop at KeyBank Center in Buffalo on April 21 (8 p.m.).

The concerts will feature “Hotel California” in its entirety – from start to finish – accompanied by an orchestra and choir. After a short intermission, the band will perform a set of its greatest hits.

All local health and safety guidelines will be followed.

Tickets go on sale at 10 a.m. Friday, Jan. 14. A variety of pre-sales are available starting at 10 a.m. local time Thursday, Jan. 13. Check Eagles.com for complete tour and ticket information.

A limited number of VIP packages will be available starting Jan. 14. These include premium seats, exclusive merchandise, and parking.

The Eagles kicked off the “Hotel California” concerts in 2019 in Las Vegas to rave reviews and critical acclaim. To date, the Eagles have performed more than 30 sold-out shows in 15 major U.S. arenas, including five nights at the famed Madison Square Garden in New York City, four nights at American Airlines Arena in Dallas, and three concerts at the Forum in Los Angeles.

Billboard noted, “The band performed the album from front to back, following with a blazing greatest hits set that had the

audience at the sold-out arena constantly on its feet. ...With no exception, the songs have aged well, but how could they fail with the Eagles’ five-part harmony and five guitar-approach? ... (Henley’s) voice sounded as strong and pliant as it ever has, easily hitting the highest of notes, while retaining his trademark huskiness.”

The Daily Mail said, “By now the orchestra has been joined by a choir. The Eagles’ sound, with its glowing harmonies, barely needs them, but they add to the sense of occasion – and the delight of the crowd. I’ve never seen so many songs receive a standing ovation.”

“Hotel California” is the third best-selling U.S. album in history, certified 26-times-Platinum by the

RIAA. After its release in 1976, it topped the charts and won two Grammy Awards for “New Kid in Town” and “Hotel California.” Several of the songs from the al-

bum have never been performed since the original “Hotel California” tour.

The band’s “Their Greatest Hits 1971-1977” is the best-selling U.S. album in history, with the RIAA certifying the collection at 38-times-Platinum.

In today’s faddish, fractured, rock landscape, the Eagles retain an appeal that transcends both generation and genre, cementing the band’s role as enduring musical icons. As the best-selling American band of the ’70s, and

one of the top-selling acts of all time, the Eagles have sold more than 150 million albums worldwide, scored six No. 1 albums, and topped the singles charts five times. They have won six Grammy Awards, were inducted into the Rock & Roll Hall of Fame in 1998 (in their first year of eligibility), and received the Kennedy Center Honors in 2016.
