

## Gas station set to reopen

CAL's Convenience Inc. is expected to reopen the Sunoco gas station and APlus market in coming weeks at 890 Center St., Lewiston. The front doors were opened in past days, as trucks delivered products and people worked on redoing the store interior. A help wanted sign is now on the glass windows.

The site closed in February. At that time, Reid Petroleum Corp. informed the Village of Lewiston it was not renewing its lease with Sunoco/APlus.

## French and Indian War Encampment returns to Old Fort Niagara

From July 2-4, the French and Indian War Encampment will return to Old Fort Niagara. The three-day event will feature six battle reenactments, two living history camps, dozens of period artisans and merchants, artillery firing demonstrations and dramatic recreations of Native American diplomacy.

With the exception of 2020, Old Fort Niagara has hosted the event annually since 1980. It is believed to be the largest annual French and Indian War reenactment in the world. This large-scale weekend recreates the historic siege of 1759, when British forces captured the fort from the French.

In July of 1759, during the fifth year of the French and Indian War, a British army of some 2,400 soldiers with almost 1,000 Native American allies besieged French-held Fort Niagara. The fort was one of the most strategic spots in North America as it controlled access to the upper Great Lakes. About 500 French soldiers and their Native allies garrisoned the fort. After a 19-day siege, the fort was forced to surrender. The victory ushered in an era of British occupation of the region. Once Fort Niagara fell, it was only a matter of time until all French forts on the Great Lakes fell to the British.

During the event, reenactors representing British redcoats, French marines and Native warriors will take the field to battle for control of Fort Niagara. Each reenactor portrays a specific character from the French and Indian War. They don authentic reproduction uniforms and equipment and accurately portray what military life was like in the mid-18th century. Uniforms are made from wool, and event participants stay in tents like those used by 18th century armies. Many cook their own meals over open fires. They learn period drills, post guards and conduct military ceremonies much as their forebears did over 260 years ago. Find the schedule online at [www.wnypapers.com](http://www.wnypapers.com).

## Hibbard's donates to VFW, memorial

Over Memorial Day weekend, Hibbard's Original Frozen Custard held a fundraiser for VFW Downriver Post 7487, which maintains the "Circle of Honor" memorial across the street in Academy Park. Proceeds from the custard cookies – a collaboration between Hibbard's and the Village Bake Shoppe – will go toward upkeep at the tribute to Lewiston veterans.

On Wednesday, Hibbard's co-owner Kris Trunzo presented a \$1,000 check to outgoing Cmdr. Bill Justyk and new Cmdr. Gordon Spencer. (Photo by Joshua Maloni)

### Chiropractic Adjustments Not Holding?

Chiropractic as a profession began in 1895 and flourished by its results and the conviction of its practitioners to the philosophy, art and science. The restoration of the proper communication in the nervous system through the chiropractic adjustment of spinal bones allows the body to heal itself. Chiropractic not only helps "back pain", but may improve many health conditions such as colic, bedwetting, incontinence, sinus trouble, stomach and bowel conditions, headaches, joint pain, hormonal imbalance, depression, and irritability to name a few. Chiropractic, from its basic premise is safe and natural, working with the intelligence within the body to heal.

D.D. Palmer, the founder of Chiropractic, wrote in his first book, *The Chiropractic Adjuster*, "From baby in the highchair to grandma in the rocker, the axial (spinal) bones are liable to be displaced by noxious substances which enter the system in our food and drink or by inhalation, as they are by accident, direct."

Today, our bodies are constantly bombarded by chemical and metal toxins through pollution and additives which have entered the food supply through farming, processing and imitation colors, flavors, sweeteners, etc.

So, when adjustments are not holding, we look to any stressors that could be affecting the organs and tissues supplied by that spinal level; testing the correct nutritional support for detox and healing. Subsequently, we find that patients not only hold their adjustments, but enjoy fewer aches and pains, more energy and improved health.

Rose Chiropractic, P.C. is a natural health care practice located at 435 Ridge St., Lewiston. Call 754-9039.
