

Fuccillo ...

continued from Page 6

important people in our community. At each of our visits, we thanked them for what they do every day while showing our appreciation for what they are doing during this COVID-19 pandemic. They have been putting their lives on the line during this entire time.”

Fogerty and Mansour selected seven organizations to receive meals the company purchased from Brick Oven Pizzeria & Pub, Adrian’s Custard and Beef, and 773 North. The organizations were the John R. Oishei Children’s Hospital, Niagara County Sheriff’s Office, Kenmore Mercy Hospital, Niagara Falls Police Department, Mount St. Mary’s Hospital, the Grand Island Fire Co., Grand Island Police Department and the Niagara Falls Memorial Hospital, which received its meals on Tuesday. In all, Fuccillo purchased more than 1,600 meals.

“We have seen so much appreciation at every delivery we have made,” Fogerty added.

“This was such a generous donation from Fuccillo for our associates,” CJ Urlaub, Mount St. Mary’s Hospital president said after receiving 450 meals on June 16. “We are grateful for their support and appreciation as we move beyond the peak of the COVID-19 pandemic. We cannot thank them enough for thinking of us with their ‘Fuccillo Feeds the Front Lines’ initiative.”

Kadie Curry, the hospital’s director of nursing and patient care services, added, “Our staff has been working so hard throughout this pandemic, and they really enjoyed this special donation from Fuccillo. Our community has been so supportive of the work we do here at Mount St. Mary’s and we cannot thank everyone enough.”

Fogerty, who lives on the Island, said this program is just a continuation of Fuccillo’s getting more involved in the Grand Island community. As an example, when Grand Island Fun Center on Grand Island Boulevard receives the green light to open its go-kart track it will be rebranded as “Go Huge Go Kart Track.”

“Being from the Island, it is great being with a company that wants to get involved with the community,” said Fogerty, who served for many years as a Toyota

general manager for two other large dealer groups in Western New York. “We do not want residents to cross that bridge looking for a vehicle. I want them to know they can trust us to put them in the right vehicle here.”
