# Scott's Furniture teaming with Bear Bottom Wholesale

Owner to owner: Pictured, from left, are Larry Bryer and Mark Bullock.

Scott's Furniture, located at 4419 Military Road, has been purchased by Larry Bryer, owner of Bear Bottom Wholesale of Lockport. Bryer said he has been keeping an eye out for a second location and, when he came across Scott Furniture, it was just what he was looking for.

As he was working out the details with the owner of Scott's Furniture, Mark Bullock, a conversation about both of the businesses began. Bullock has been servicing the community with quality furniture for 43 years – mostly La-Z-Boy. He loves the quality, and

that they're made in the U.S. He was telling Bryer how he would love the idea of Bear Bottom taking over the La-Z-Boy line and selling new furniture alongside the items already for sale.

Upon chatting with his girlfriend, Bryer said this could be an amazing addition to what he already offered. So, with her confidence and his own, Bear Bottom Furniture Interiors was born.

The store will offer a La-Z-Boy comfort studio with a full line of recliners, sofas and chairs; loads of quality mattresses made by Restonic – Bryer noted the Buffalo

bed line provides "great quality with a great price"; and toward the back of the store, a supply of used furniture from the Lockport Bear Bottom Wholesale.

Bryer said, "This will provide a price point for every customer. We will also have some antiques, home goods, and much more."

A grand opening is set for the first part of December. In the meantime, patrons are encouraged to visit Facebook (Bear Bottom Wholesale and Bear Bottom Furniture) to find tons of product pictures each week.

## NYPA fishing piers to close for season

New York Power Authority fishing facilities, including the fishing pier at the base of NYPA's Robert Moses Niagara Hydroelectric

Power Plant, will close for the season, at dusk, Tuesday, Nov. 30. The fishing pier near the Upper Mountain Fire Co. at the Lew-

iston Reservoir and at the water intakes along the upper Niagara River will also close for the season.

In addition to the pier at the base of NYPA's Robert Moses Niagara Hydroelectric Power Plant, the lower parking area and shoreline stairway will also close for the season.

Prior to Dec. 1, if snow and ice conditions exist, the facilities will close for the day.

The fishing facilities will reopen in the spring when snow and ice have sufficiently cleared. The fishing cleaning station will reopen once the threat of freezing temperatures has passed.

For information on the fishing pier, call 716-286-6662 for a recorded message.

Visit [www.nypa.gov](http://www.nypa.gov).
